# Medicaid Policy Activity 2015

# Medicaid Policy Activity 2015

- Updates for Medicaid Coverage of Tubal Sterilization Devices (MSA 15–16)
  - Lactation Support Policy
- 

# Many Changes Coming Down the Road

# MI Health Link Health Care Option

- Michigan adults, ages 21 and over, who are enrolled in both Medicare and Medicaid residing in specific areas of the state.
- Allows those enrolled to use one plan and one card to access services.
- Barry, Branch, Berrien, Calhoun, Cass, Kalamazoo, Macomb, St. Joseph, Van Buren, Wayne or any county in the U.P.
- Information and Questions: MDCH>Providers>MI Health Link or refer to Bulletin MSA 14-64, distribution date December 29, 2014.

# Managed Care Request For Proposal

- ▶ It is anticipated that MIHP services will be covered by the Medicaid Health Plans (MHP) beginning 10/1/2016
- ▶ This allows MDHHS ample time to meet with all Managed Health Plans awarded a contract effective January 1, 2016 in order to transition this population in a safe and effective manner

# MIHP Talking Points

# Keep our Moms and Kids Safe

- ▶ The Michigan Child Protection Law (Act 238, Public Acts of 1975) requires certain people to report their suspicions of child abuse or neglect to Child Protective Services
- ▶ MIHP activity does not replace the need for required CPS referrals (MIHP Chapter, Section 2.15)

# Communication

- ▶ Provide ongoing communication with the medical care provider.
- ▶ The discharge summary must be forwarded to the medical care provider after the case is closed.

illustrations of.com #76561

# Immunizations

- ▶ Discuss immunization status and provide immunization education throughout the course of care
- ▶ MDCH>Pregnant Women, Children & Families>Children & Families>Immunization For Families and Providers
- ▶ CDC>Vaccines and Immunizations
