

# Michigan Medicaid Update

March, 2015

- There are over 2 million Michigan Medicaid and CHIP Beneficiaries

# Michigan Medicaid Population

## MANAGED CARE ORGANIZATIONS

**A Large Number of Medicaid  
Beneficiaries Are Enrolled in One  
of the 13 Managed Care  
Organizations in Michigan**

- Current Estimate of Healthy Michigan Plan Beneficiaries Exceeds 500,000
  - Top County in Michigan Served - Wayne County
- Enrollees Ages 19 to 34 Account for Almost Half of the Population Enrolled

**Healthy Michigan Plan  
Numbers Continue to Grow**

# Many Changes Coming Down the Road

# Medicaid Policy Activity 2014

- Rate Increase for Obstetrical Services (MSA 14-32)
- Requirement of fee-for-service and managed care providers to adhere to national guidelines for reporting specific information related to newborn births (MSA14-34)
- Expansion of breast pump policy to include hospital-grade electric breast pumps, personal use electric breast pumps and manual breast pumps (MSA 14-60)

- Healthy Kids dental contract with Delta Dental expanded to include Kalamazoo and Macomb counties (80 counties)(MSA 14-34)
- Adoption of the American Academy of Pediatric Dentistry's Dental-Specific Periodicity schedule for children up to 21 years of age (MSA 14-47)
- Relocation of EPSDT information to a specific chapter in the Medicaid Provider Manual (MSA 14-30)
- Autism Benefit/Services transitioned to EPSDT benefit (L-14-50)

# Department of Health and Human Services

- Merger of the Department of Community Health and the Department of Human Services

(Governor Rick Snyder, Executive Order, Feb. 9, 2015)

“Promote better health outcomes, reduce health risks, and support stable and safe families while encouraging self-sufficiency.”

# MI Health Link Health Care Option

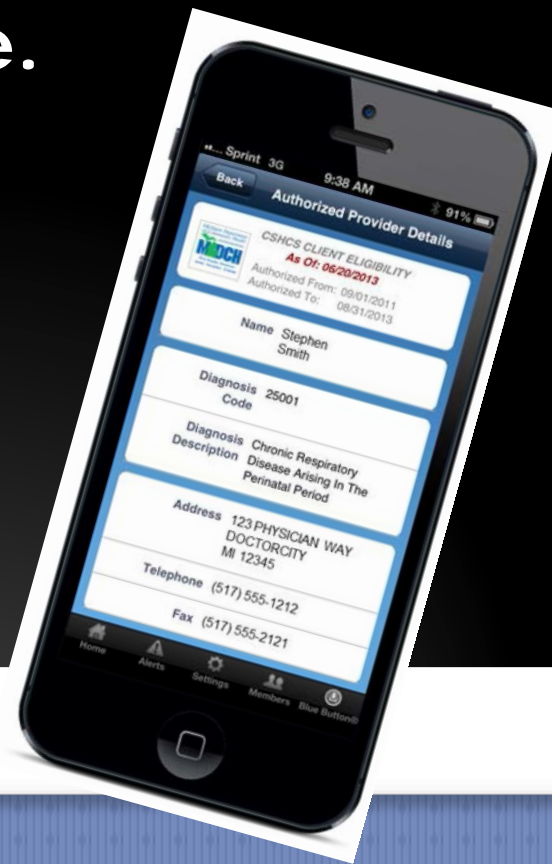

- Michigan adults, ages 21 and over, who are enrolled in both Medicare and Medicaid.
- Allows those enrolled to use one plan and one card to access services.

# **MDCH Offers Two New Digital Tools for Medicaid Beneficiaries; a Smartphone App and an Online Portal**

- myHealthButton is a free mobile app for Medicaid or CSHCS beneficiaries which allows clients to view benefit information instantly and securely from a smartphone.

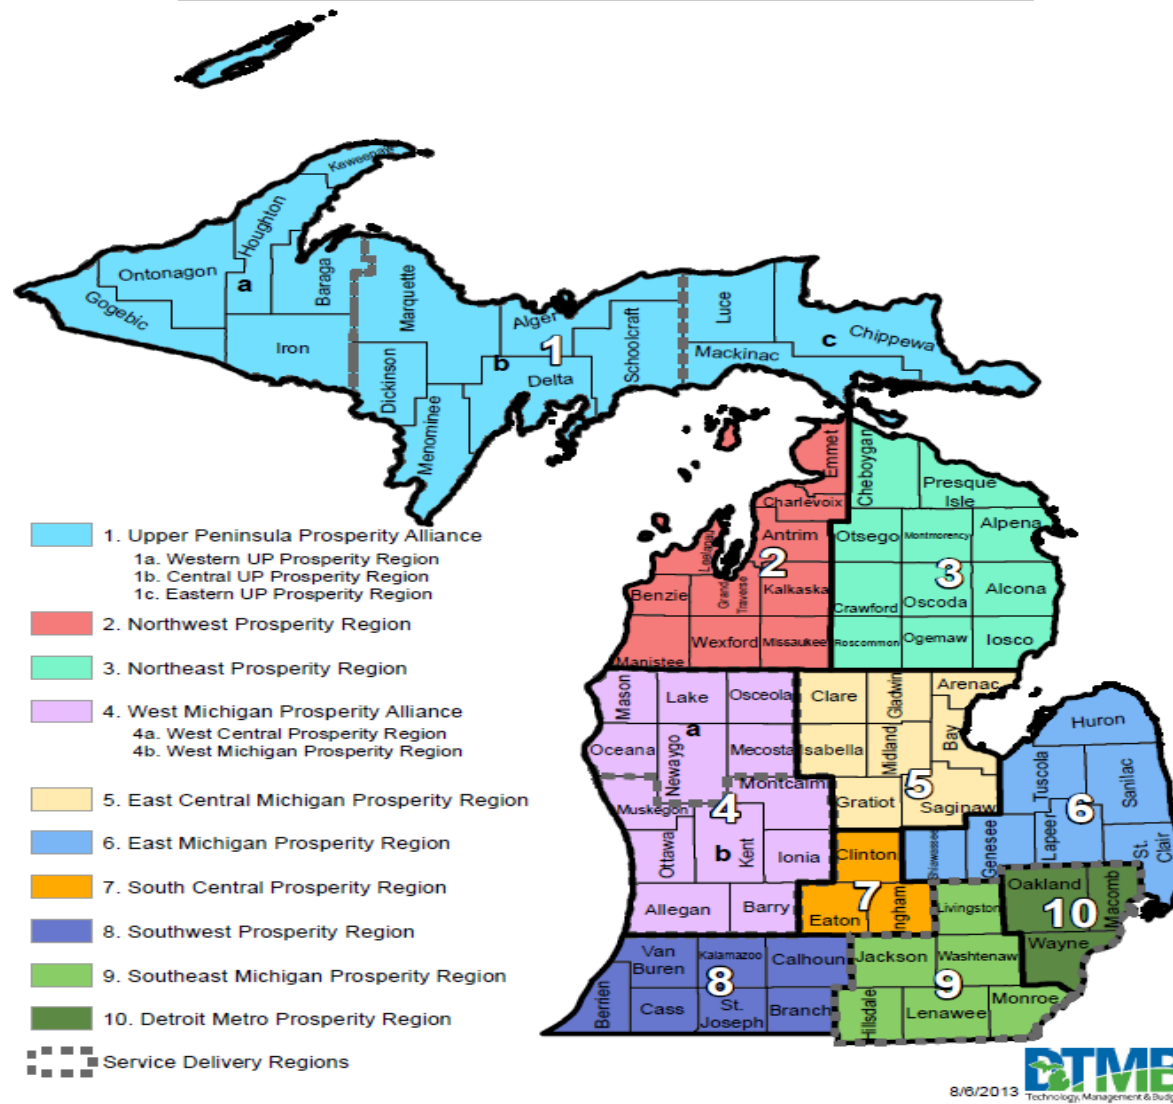

# Comprehensive Health Plan Contract

- The current contract expires 09-30-2015
- Proposed contract for fiscal year 2016
- Governor's Prosperity Regions will be used
- Bidders will cover all counties in a region

[www.michigan.gov/mdch](http://www.michigan.gov/mdch)

# State of Michigan Prosperity Regions

# ICD-10

## October 1, 2015

- 10<sup>th</sup> Revision of the International Classification of Diseases
- All providers are required to comply by law

**MDCH's goal is to encourage as many of our partners as possible to test *their* ability to submit and *our* ability to process ICD-10 coded transactions.**

## Resources

- ❖ External testing (End to End Testing) is currently underway! Please contact [MDCH-B2B-Testing@Michigan.gov](mailto:MDCH-B2B-Testing@Michigan.gov) for more information.

Reminder!

**MIHP Specific Reminders....**

Managed Care Organizations and the Department of Human Services are responsible for providing medical transportation (please see the Managed Care Transportation Grid at the MIHP website>Current MIHP Providers>Operations)

The MIHP may provide transportation to pregnancy-related appointments when they are not covered by Managed Care such as WIC, mental health/substance abuse and childbirth/parenting classes.

## MIHP Specific Topics...

Family planning options should be discussed at every MIHP maternal visit.

Medicaid covers a multitude of family planning methods for eligible beneficiaries.

**We Are A Community and We Are  
All In This Together!**

**Thank you!**
