MIHIP Vision

Zero Preventable Deaths

Zero Disparities

We must bridge the gap between public health and private clinical practice to ensure that mothers and infants receive the care needed to improve health outcomes and prevent deaths.

We must remove silos between maternal and infant work to ensure that families are receiving the care needed to prevent deaths.
Resources

- Families & Communities
- Providers
- Community Organizations & Agencies
- Medicaid Health Plans
- Advisory Councils
Evidence-Based Interventions

- Reduce Smoking and Substance Use
- Improve Mental Health Access
- Access to pre-pregnancy care and early pregnancy care
- Child Health Visits
- Space out births
- Safe Sleep Practices
- Breastfeeding
- Home Visiting
Together, Saving Lives

Mother Infant Health Improvement Plan (MIHIP) Regional Town Hall Meetings

The Maternal Infant Strategy Group (MISG), the Michigan Department of Health and Human Services (MDHHS), along with regional partners, hosted town hall meetings in 5 regions of Michigan.
Town Hall Locations

Northern Michigan
Wednesday, June 20 – Grayling, MI

West Michigan
Wednesday, July 25 – Grand Rapids, MI
Satellite location in Kalamazoo, MI

Southeast Michigan
Thursday, August 16 – Detroit, MI
Satellite location in Ann Arbor, MI

Upper Peninsula
Monday, September 10 – Marquette, MI

Mid-Michigan
Tuesday, September 25 – Saginaw, MI
Satellite locations in Caro, MI and Bad Axe, MI
MIHIP Town Hall Meeting Goals

01. Introduce the 2019-2022 Mother Infant Health Improvement Plan for Michigan

02. Collect feedback from the community to determine priorities and barriers to successful plan implementation

03. Bridge community partners because we must work together to improve the health of mothers and babies
Southeast Michigan Town Hall Meeting

August 16, 2018
Detroit, MI

Satellite meeting in Ann Arbor
Upper Peninsula Town Hall Meeting

September 10, 2018
Marquette, MI

Mid-Michigan Town Hall Meeting

September 25, 2018
Saginaw, MI

Satellite meetings in Caro and Bad Axe
MIHIP Implementation
MIHIP Implementation Plan

1. Utilize Regional Perinatal Quality Collaboratives as backbone organizations for regions

2. Develop community specific goals
   • Select 2-3 strategies based on your community’s needs
   • Be innovative in your execution of the strategies
   • Ensure that goals are measurable
Currently 6 Regional Perinatal Quality Collaboratives (RPQCs), representing 7 of the Prosperity Regions in Michigan. In the near future, hope to have a RPQC in every Prosperity Region in Michigan.
Regional Perinatal Quality Collaboratives

The RPQC selects an area of focus based on the unique needs of the region.

The RPQC is meant to be a cross-sector collaboration -- clinical partners, community partners, families, faith-based organizations, Great Start Collaboratives, home visiting agencies, etc.
MIHIP Ambassador Program

The MIHIP Ambassador Program will continue to collect feedback from the community through community workshops and surveys.

To apply to be a MIHIP Ambassador, please visit: http://www.surveymonkey.com/r/MIHIPAmbassador

Statewide Maternal Infant Health Summit

The 2nd annual statewide Maternal Infant Health Summit will take place on March 12-13, 2019 at the Kellogg Center in East Lansing, Michigan.

To register to attend, please visit: http://www.attendify.com/MIHSummit
